Learn Today, Lead Tomorrow

**LEARN TODAY  
LEAD TOMORROW**

# Personality with Percentage

## VISION

To ensure growth and development of every student as a global citizen through the simultaneous realization of academic, physical, cultural & spiritual aspiration.

## MISSION

- ✓ C P Goenka International School provides a conducive environment to help students realize their true potential by nurturing in them skills, such as creative thinking, teamwork, effective communication, problem-solving and being a lifelong learner which will help them blend in seamlessly into an ever-changing society.
- ✓ To enable our students in realizing that a true global citizen is one who respects diversity of gender and cultural background.

# MESSAGE FROM OUR FOUNDERS

We aim to develop personality with percentage in every learner on campus.

The school leaves no stone unturned in creating a stimulating environment for learning with the aim to encourage the learners to explore, enrich and empower themselves for further learning and contributing to the world at large. We hope to give the world confident, sensitive and happy young adults.

# OUR CURRICULUM

## **PRESCHOOL**

### **Playgroup - Senior KG**

We are committed to nurturing children who are curious, eager, enthusiastic, happy and confident. Our curriculum promotes the development of critical thinking skills and ensures development in each domain - language, social, physical, cognitive, and social-emotional. This is enhanced through purposeful play. We believe that when the school and parent work together, optimum potential of the child can be tapped.

## **PRIMARY**

### **Grade 1 - 5**

As children transition from the preschool years to the primary years our focus is to ensure that each student develops a strong foundation in the core subjects of English Language, Math, Science, Second Language and Social Studies, while becoming critical thinkers and achieving at higher levels. The learning is balanced in all areas. The students enjoy activities like art, sports, music, dance, drama etc.

## **MIDDLE SCHOOL**

### **Grade 6 - 8**

With an enriched academic curriculum, we prioritise the development of the Intellectual, physical, emotional and social quotient. Learning experiences at CPGIS are based on the principles of active learning, student-centred learning and real-world problem solving. We believe that the best learning happens through discovery and experimentation, with the student leading in his/her own learning.

## **HIGH SCHOOL**

### **Grade 9 - 12**

The high-quality teaching learning processes, engage, challenge and equip the learners to develop themselves as independent, confident and responsible adults, taking charge of their future. The academic pathway with a choice of subjects is offered across different boards, which allows learners to follow their interests and future careers and also to gain admissions in choice of their University.

# Sports and Performing Arts Programme (SAP)\*

Sports and Performing Arts Programme at CPGIS aims at providing holistic development to all its learners. It gives them the opportunity to explore areas of physical and creative interests. These activities benefit in shaping the overall personality of the learners. It helps them to learn important life skills like teamwork, discipline, creative thinking and focus.

\*School Specific

- Taekwondo
- Speech & Drama
- Gymnastics
- Chess
- Table Tennis
- Cricket
- Skating
- Robotics
- Karate
- Basketball
- Music

### Mentorship Programme

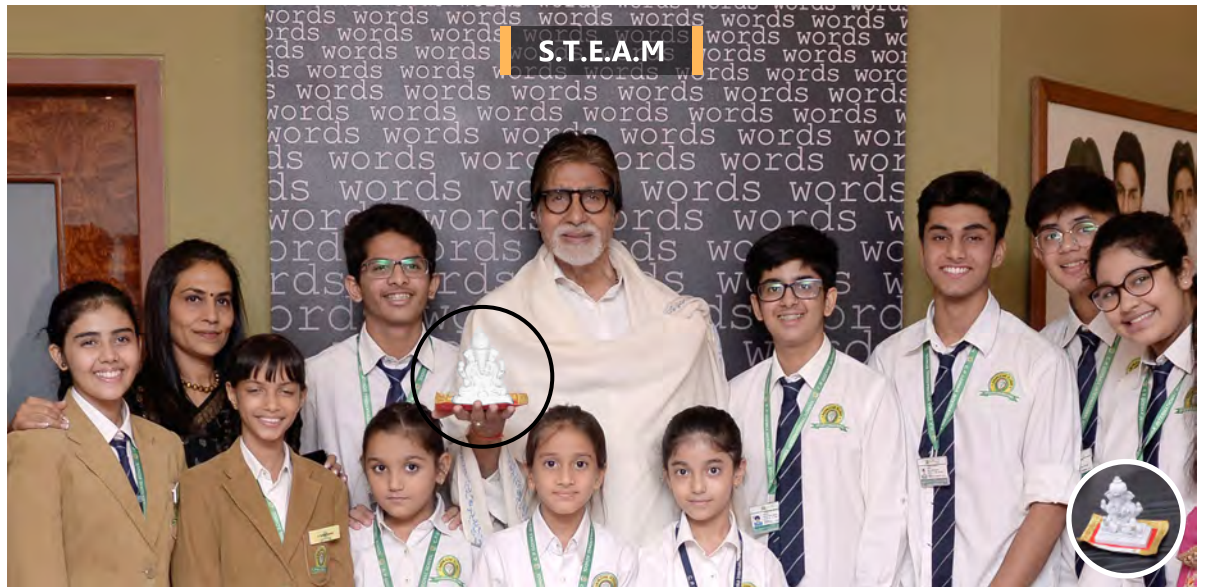

This Programme aims at improving academic success for its learners through Peer Mentoring, SWOT Analysis, Mentor-Mentee Guidance etc.

### MDM

Students are encouraged to sing, dance, play an instrument, tell a story or even share their experiences about their most delightful moments thus boosting their confidence and self-worth.

### S.T.E.A.M

The C P Goenka Innovation Lab offers (Science, Technology, Engineering, Art and Mathematics) based learning. Inhouse printed 3D Ganesha presented to Mr. AMITABH BACHCHAN by our students.

### Model United Nations (MUN)

Through MUN Conferences and Summits, students are provided opportunities to engage in parliamentary simulations on real-world issues.

### DIY - Do It Yourself Programme

The DIY Programme endeavours to empower children to learn essential life skills and become independent, self-reliant citizens of the future.

## CSR - Corporate Social Responsibility

CPGIS encourages its young learners to develop an attitude of gratitude and ensure that their contributions in terms of time and money is able to give opportunities to the less fortunate ones who might be hidden geniuses but for lack of avenues. Learners participated in the Tata Mumbai Marathon, in association with the Nargis Dutt Foundation, ran for a cause and raised funds for child education, cancer care and women empowerment.

## TedEd

By bringing TedEd to schools, CPGIS is building a strong culture of learners who speak their mind on topics ranging from personal projects to global issues.

## Interact Club

Interact is a Rotary-sponsored service club for young people. It gives young children an opportunity to participate in fun, meaningful service projects. Through their service activities, interactors learn the importance of developing leadership skills and personal integrity, demonstrating helpfulness and respect for others.

## Student Exchange Programme

These programmes help a child appreciate and understand different cultures and diversity which brings about a transformation in the way they think and results in personal growth.

## Classroom without Walls

To facilitate movement, social play and exposure to sunlight, classes at CPGIS are often conducted in the amazing open spaces available in the school.

# Testimonials

“

My Son Parshva has been a part of C P Goenka School right from Jr KG. It's been 7 yrs since and I couldn't be happier about my decision to choose CPGIS as his school. His second home! I have literally seen him blossom and spread his wings while still being grounded because of the excellent love, care and encouragement he has received from all his teachers right from the start. Not only is the school curriculum integrated giving the kids the best of all boards but they pay equal attention to sports, extra curricular activities and overall personality development and growth of the child. As there are less kids in each division, personalised care is given to each child making sure no child is left behind or feels less special.

”

Parent of Parshva Modi  
Grade 5

“

I am thrilled to share how much my child has flourished under the guidance of all the dedicated teachers and support staff at CPGIS. From day one, it was evident that this institution prioritizes not only academic excellence but also personal growth. Over a year now with this institution, I have witnessed my child's confidence, curiosity, and love for learning blossom. I look forward to seeing continued advancements that will benefit future generations of students and contribute to their overall development.

”

Parents of Dhvanil Shah  
Grade 7

“

The school and the teachers have imbibed in Rea an understanding of the various subjects and appreciate the nuances of each. Now she is at the cusp of her Grade 10 boards and we are extremely proud to say that our daughter is prepared for this challenge. It does not matter how much she scores but the confidence and ability she displays to tackle this challenge is appreciable. We would like to thank each member of this wonderful team for their efforts, patience and integrity.

Parent of Rea Pillai  
Grade 10

”

“

I am very impressed by the teaching standards and the use of technology in imparting education at CPGIS. The teachers are well-qualified, experienced and passionate about their subjects. They use interactive and innovative methods to engage the students and make learning fun and meaningful. I am also mighty impressed with the various online/offline platforms and resources that school shares along with the regular studies, to develop competitive streak and awareness from the very outset, as it is a great initiative to foster the growth in the students' skills and knowledge. The curriculum is updated and relevant to the new age information and challenges. I truly believe that the school prepares the students not only for academic excellence but also for life-long learning and global citizenship. I highly recommend this school to anyone looking for a quality education in a supportive and stimulating environment.
